**The MODA Sparkling Water System: Italian by design and local by definition. Mirroring the taste and quality of the highest end bottled water, we serve sparkling and still water on tap. Our commitment to reducing our carbon footprint is reflected in localizing our water supply and greatly reducing the number of disposable bottles.**

**Wine on tap. From the vineyards to your wine glass.**

Experience sustainable, economical and higher quality wine from our carefully curated wine selection. We work closely with small Italian and local wineries so you can taste the juice of the wine exactly as the winemaker intended. The integrity, full nature and complexity of the wine is maintained as it is preserved from the moment it is made to the moment it is enjoyed with the development of stainless steel kegs.
